flight of stairs

Enviropro® Slip Resistant Endure® 2 Pack.

Intergrain®
enviropro®

Simplified Slip Resistance. Just mix A + B.

- 1L pack size – perfect for a flight of stairs
- Meets P4 & P5 standards
- Excellent wear resistance

Why add Slip Resistance to stairs?

-  All interior stairs in new homes are required to meet P4 standards.
-  Great up-sell offer to home owners with existing stairs.
-  No one wants to slip and fall down stairs!

Achieve P4 Slip Resistance:

1st Coat	Enviropro® Timberseal™ Water Based Enviropro® Timberseal™ Alcohol Based Enviropro® Timberseal™ Ultra
2nd Coat	Enviropro® Slip Resistant Endure 2 Pack
3rd Coat	Enviropro® Slip Resistant Endure 2 Pack
