

Our New Invisible Hero.

Introducing new Intergrain® Enviropro® Invisible Floor Finish.

LOOK OUT FOR
THE SILVER CAP

- Provides a finish with the appearance of bare wood
- Provides feel of natural timber
- Highly durable, with excellent scratch and stain resistance
- No sealer required (2 coat system)

Introducing new Intergrain® Enviropro® Invisible Floor Finish.

Enviropro® Invisible Floor Finish is a hard-wearing clear timber floor finish, with an invisible sheen that provides the appearance and feel of uncoated timber.

Invisible Floor Finish removes the glossy appearance from existing timber floors with one coat[^] and no sanding, helping transform and modernise whilst providing excellent water, stain and abrasion resistance.

[^]Apply 2 coats for optimal durability and stain resistance.

Home owners will love:	Floor sanders will love:
Natural, invisible sheen	Can be applied over most existing floor finishes - no sanding required
Provides appearance and feel of uncoated timber	2 coat system - no sealer required
Protects timber floors from wear and tear	Single pack product
